Priority in allocating Business modules will be given firstly to our full-time NUS undergraduates who reading these Business modules as their core modules as well as exchange students from the Business School faculty-level exchange partners . Students must also be majoring in business at their home university in order to be considered eligible for Business modules. If you have not been offered Business modules at the point of initial acceptance (mid-June or mid-November), you will not be able to add the module during the Module Registration period.
